## **EDITORIAL 2002**

Well it's been an interesting year for Folk Tribune and Volksfront. We've seen an increase in projects and membership largest in our history. The majority of 2002 was spent with internal organizational issues and improving infrastructure.

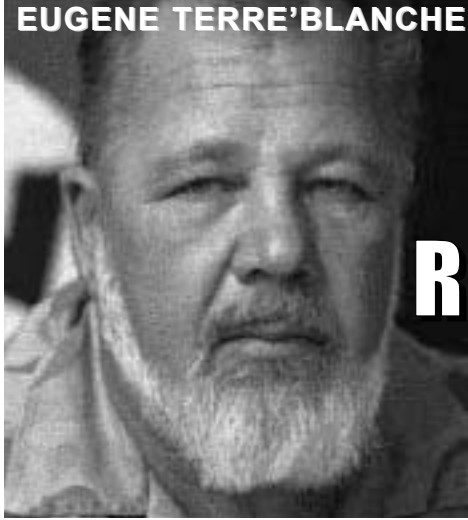

For the movement as a whole it seems P.O.W. awareness and support had increased dramatically. Groups other than VF spearheading the rising wave of P.O.W. support include Byron at [www.tightrope.cc](http://www.tightrope.cc), Anthony and Panzerfaust Records, Women for Aryan Unity, Baltoskin and E.H.S. and Billy Roper's new organization 'White Revolution'. Volksfront has placed P.O.W. support as a priority since 1994, originally through Thule magazine and now through 'Freedom' magazine, we hope to increase awareness of this oft neglected area of activism. In the 9 years Volksfront has been doing P.O.W. support we have never seen the movement as a whole get so involved and it is heartening to see such an increase in support for these men and women behind Z.O.G.'s wire. The financial support of Panzerfaust Records for legal and P.O.W. work has been astounding, I know, personally, Panzerfaust has put up several thousand dollars for P.O.W. work in 2002, including The parole appeal of Bruce Pierce and other Order members, Support for Ken Mieske and putting funds directly on the inmate accounts of over a dozen Order members and P.O.W.'s, it's an example for all who have businesses which sell goods to pro-White people to give something back to the movement which supports their business.

Also in 2002, police pressure against pro-White groups also has increased dramatically since the 9-11 terrorist attacks as police forces have been given an unprecedented amount of power. The case of Christine Greenwood of the Aryan Baby Drive is a case which should sound alarms for all American pro-White organizations. Besides police pressure, another major blow to our movement has been the dissension, most created by the groups with elitist attitudes which seems to consider themselves superior to their racial comrades. Elitism and collective organizational ego is a threat which we have been warned about from every White leader from Hitler to Ian Staurt. Groups who discard the working class because of their dress or sub-culture in order to curry favor with society's "elite" are failing to realize the rich have never carried out a revolution and all the shekels of the rich can not replace the activism and work of one working class activist. It will not be the rich or social elite who lay dying in the streets or rotting in prison when Z.O.G. decides to put an end to our movement for good. The majority of the upper-class which supports the movement are merely "buying insurance". And in 16 years of being both a skinhead and an activist I have never met a single rich or upper-class racial activist. This problem can not be underestimated for as the movement grows, so will the dissension as the almighty dollar becomes the driving force behind many organizations.

Despite the ups and downs, 2002 was a good year, in my opinion, for VF and the movement as a whole. In 2003 VF has renewed it's commitment to stay positive and continue looking forward. Defeatism and negativity will continue to be rooted out at the source as we move forward into tomorrow and the establishment of a free White Homeland in North America. Thanks to all for their continued support of VF and the Folk Tribune!

# THE AFRIKANER RESISTANCE MOVEMENT "A.W.B." REGROUPS

*Much of this material is courtesy of the AWB Website :<http://www.awb.co.za/>*

Since the ascension of Nelson Mandela and his communist coalition government, the African National Congress, Whites in South Africa have had little hope for prosperity and progress. Meet the AWB (the Afrikaner Resistance Movement), a White organization in South Africa refusing to allow the communist black government to destroy their future.

Since the traitorous government turnover by DeKlerk, Whites in South Africa have lived in fear of negro savagery. White (Boer) families, including women and children have been brutally raped and butchered by roaming gangs of Black savages. Using machetes and crude weapons these gangs have spilled the blood of dozens of White children on the South African soil.

Fortunately for the S.A. Whites there are some men of caliber who have refused to die quietly while the world turns away. The AWB has organized a multi-faceted resistance including an efficient para-military, a website to let the plight of the Boer people be known, Folkish rallies, marches and events and pleading the cause of Boervolk to the United Nations. During the turn over of the government to the Black and Communist coalition, Whites were guaranteed an autonomous state in S.A. by the international community in order to prevent violence. As soon as the Mandela and the ANC took power all legal agreements were discarded and the Boer people were at the mercy of a Black Terrorist President. The AWB was the largest White resistance to this sell-out of Whites and immediately took military action, even storming and occupying the South African parliament building, and again they were promised a free homeland, so being men of honor they returned the parliament building and waited for the Black government to make good on their promises, once again the were deceived by the international community and the Black Communists.

After the occupation of the South African parliament building the Communist Black government began political arrests of AWB officers. Many AWB officers were thrown into cells filled with Black inmates while guards turned a deaf ear as Black savages ripped AWB officers limb from limb and desecrated their bodies.

The Boer nation comprises 3.5 million people in South Africa, with a unique history, language "Afrikaans" and culture. It is also critical to note that at time of White settlement in South Africa, the native people were not negro. The Zulu Nation was at the time of White settlement, migrating southward and had no ancestral claim to the lands of South Africa. The indigenous inhabitants of parts of South Africa were Khoikoi, an Asiatic people, with no close relation to the Zulu or the negro. The Khoikoi were in decline and nearing extinction prior to White settlement. The Zulus and Blacks of South Africa have ancestral claim to less than 10% of South African soil. The Western media under Jewish control has neglected to mention this fact in their campaign to destroy the Boer people. The Whites of South Africa have equal if not greater claim to a self-governing state in the country of South Africa as do the Zulu, who were granted and maintain autonomy.

As negroes revel in their inheritance of a nation they did not build, the ANC communists continue their operations against the AWB.

AWB'S WENKOMMANDO

**-CONTINUED FROM PAGE 2-**

Now, in a complete travesty of justice, the South African government has arrested and imprisoned AWB leader Eugene Ney Terre' Blanche. The South African government's sole goal is to completely destroy the AWB and remove all Whites from South Africa either by forcing them to emigrate or by state sanctioned murder.

Amidst this darkness and despair, a ray of hope remains: The AWB. The AWB, through the dedication and the effective leadership of Eugene

Terre'Blanche is the last line of defense for defenseless South African Whites and Farmers. Despite every government ploy and attempt to destroy the organization, the AWB has re-grouped and is emerging as a strong force for the creation of a BoerStadt, a White Homeland, for South African Whites. The Boer Nation Aggrieve best sums up the plight of Boer Nationhood:

*"The Boer nation came into existence through the merging of people from different nations such as the Dutch, German & French. When the British came onto the scene at the beginning of the nineteenth century the Boer nation were already in existence. After the establishment of the Boer republics, after the great trek, the Boer were internationally recognized as a nation due to the fulfilling of the general requirements of nationalism such as: Known origin of descent, own Language, own culture & traditions, a history based on experiences.*

*The Boer republics were also internationally recognized. The very first decision of the Sand river convention of 17 Jan 1852 stated that any Boers that had emigrated to north of the Vaal River would be recognized by Britain as a sovereign state. The convention of Bloemfontein on the 23rd of Feb 1854 also expressly recognized the right to freedom in their own state for the Boer of the Vrystaat (Free state) "Her Majesty's special Commissioner, in entering into a convention... guarantees on the part of Her Majesty's government, the future independence of that country and its government; and ... the inhabitants of that country shall then be free. And that this independence shall be confirmed and ratified ... finally freeing them from their allegiance to the British Crown, and declaring them, to all intents and purposes, a free and independent people, and their government to be treated and considered thenceforth a free and independent government."*

*Similar recognition was later given to the Boer of the ZAR (Zuid Afrikaans Republiek) after they had been occupied by Britain for a while, by the Pretoria convention of 1881 & the London convention of 1884. The ZAR was also recognized by the Netherlands, France, Germany, Belgium and the USA.*

*The nationalism which the Boer nation obtained and the recognition, which it was granted, embraced internationally accepted rights, liberty and obligations. Also the right to a homeland and self determination cannot be emphasized enough. Many wars, the eight-year war, the First World War, the conflict in the Middle East all are still directly connected to the denial or non-recognition of a nations right to self-determination. On the contrary, a religious or economic group, which make up part of a nation, have no claim to freedom or land. Dependent or ethnic groups such as Coloreds and Griekwas can only achieve such rights once they have developed into a nation. The Boer is a nation and therefore has a right to land and own government. The Boer nation is not a group of Europeans or an Afrikaans speaking group, nor are they South Africans. To deprive any nation the right to self-determination is a crime against that nation."*

The Boerevolk have been completely deceived and betrayed by the international community. While politicians placate the

Black Terrorists, White Boer children lay dead on the South African plains. The AWB is our best hope for a self-determinate White homeland in the World, where White culture and freedom can be protected and advanced. It is the duty of Whites throughout the world to support our brothers and sisters in this struggle between Boer freedom and the state sanctioned genocide of the Boer People.

# A DECLARATION

**By: David Lane - Bruder Schweigen P.O.W.**

In the wars, occupations and revolutions that America has instigated, financed, and participated in, from Dixie, to Cuba, to Mexico to Panama, to Italy, to Germany twice, to Japan, to Korea, to Vietnam, to Iraq, to Iran, to Libya, to Bosnia, to Serbia, to Waco, to Ruby Ridge, and on and on, the dead and maimed number a bare minimum of two hundred million, half of them being White people.

In its determination to mix and destroy the integrity of races, nations and cultures, and particularly to mix, overrun, integrate, miscegenate, reduce by wars, and ultimately exterminate the White race, the Red, White and Blue traveling mass murder machine is, and has been, an engine of holocaust, genocide and death, unmatched in human history.

As always, the tyrants falsely accuse defeated freedom fighters of the same self holocaust tactics which the tyrants employ themselves, thus claiming false moral authority. But observers with personal integrity and uncontaminated reasoning ability look at the big picture, i.e. two hundred million holocaust victims, and recognize that the propaganda of the Victors becomes the history of the Vanquished.

America denies us White nations, White schools, White neighborhoods, White organizations, and everything necessary for racial survival, then unceasingly promotes inter-racial mating for what will soon be the last generation of White women. That is deliberate, malicious, conscious genocide.

True moral authority belongs to those who resist genocide, in obedience to Nature's first and highest law which is the preservation of ones own kind.

# SHUN OUT THE SCUM

**By: Jake - Volksfront Eugene**

A blue jay sticks with blue jays. A rat sticks with rats. A gorilla only mates with a gorilla. Animals stick to their own. In today's multi-cultural-education it is "hip" for a beautiful white woman to be with a black man and birth mulatto babies. In our 'movement' we have shunned out the multi-cultural teachings from our schools and media and made it an absolute priority to stick with our own. Everyone in our 'movement' has made sure to memorize the 14 Words, as well as teach it to our young. But are we living what we preach? I will admit, we are human and do slide morally into a sleaze pit at times, but does what we do betray our race? Or just our friends and loved ones? Betraying our race is an absolute abomination! Within our movement we do have sexual misconduct, people cheating left and right, children born and father's aren't known, men go to prison and their women are surrounded by "comrades" awaiting flings, etc. Many of us are guilty of the above mentioned misconduct, I admit I am guilty with cheating on a beautiful ex-girlfriend, as well as talking shit about others, and I've gotten my eyes blackened for my moral dilemma's. I am sorry and I ask my true friends for a helping hand to stop what I did from happening again. I am proud to say I am not guilty and I hope the reader as well is not guilty of homosexual activities, nor have I ever been in a sexual relation with a non-white, nor have I betrayed my race! Today there are people in our 'movement' who have non-white children, people engaging in homosexuality, people seeking a sexual flings with non-white prostitutes, full grown men having sexual relations with underage girls in their teens or worse (pedophilism), and the list goes on. If anyone in our 'movement' is known for such activities, they must be thrown out of our ranks. If a racial organization / cell or chapter allows membership to individuals who are into homosexuality, underage sexual relations, race-mixing, etc., then they are not a true racial entity. The racial organization/cell or chapter that lets these activities go on once they are brought to the forefront, or allows a member to stay within their ranks who is involved with race-mixing etc., and covers it up because that member has a great reputation from the past, I pity them when they all meet their Maker. Whether it's Yahweh or Odin, race mixing and the like that we here on Earth in our 'movement' preach against doesn't fly with the gods either. Such activities is racial treason, so we'd better shun out the scum from our ranks or suffer the consequences with them.

Eugene, Oregon - One VF Member has been arrested and an Associate Member is wanted for questioning in an incident when a self-admitted member of Anti-Racist Action was allegedly assaulted outside an Eugene, Oregon convenience store. Sources tell us the ARA member, who later told Eugene Police he was Jewish, refused to sell a Coke to several skinheads and VF members. After refusing to serve them, the ARA clerk followed the VF members outside making insults and threats, even attempting to assault the smallest person present. Well... apparently the ARA member made the wrong decision and wound up needing medical attention and barefoot. Police are searching for the ARA member's Dr. Marten's shoes which were allegedly taken in the incident. The VF member in custody is facing a sentence of up to eight years in state prison, despite the fact the ARA freak accosted them even leaving his post as store cashier. Self-defense is no offense. Maybe next time this ARA chump will do his job and sell thirsty working class lads a coke, especially if they are VF...

Portland, Oregon - Well Oregon Spotlight, Oregon's most active anti-racist organization has been labeled as "VF puppets" and "nazi sympathizers" by the Anti-Defamation League and local Jews. Steven Stroud, director of Oregon Spotlight earned the wrath of other anti-racists and Jews when he criticized the double-standard applied to racist and anti-racist groups which use political violence. Mr. Stroud apparently has publically blamed the ADL and Coalition for Human Dignity for funding the SHARP gang members who murdered racial patriot Eric Banks, even going so far as providing them training to assault racialists. Steven Stroud now has been ceaselessly attacked by the radical left and anti-racists, for his comments and even had an Oregon Spotlight Investigator assaulted by local some scumbags of the "Rose City Bootboys". Obviously the extreme left doesn't like to be called on their dirty dealings with criminals.

## AREA REPORT FOR JANUARY 03

**Donagh Carr**

Since I am a probationary member, and a new one at that, I have yet to start a bonafide course of action. I had been active with my local National Alliance unit, but then I checked out Volksfront. I am not one to follow blindly, nor do I follow any one man. Volksfront's ideals initially attracted me to them, along with their strict membership methods and the chance for me to start VF on the East Coast. On to the plans....

There are numerous methods I can use in my area; some of which are probably being accomplished in the Northwest.

1. Flyering is somewhat effective, as long as the area is scouted out properly and you are targeting potentials and not the enemy. Of course you can't always ensure that, but to leaflet a non-White neighborhood is pointless.

2. My best is face-to-face activism. I can speak about politics, current events and race issues very eloquently and passionately. I have had more than a few listen to me.

3. I work for a Union, at meetings they may find a few copies of VF literature laying around.

4. There are numerous bookstores in my area that I will solicit to stock a few copies of the Folk Tribune. If they are willing to do that, this will mean some more publicity and exposure for VF.

5. Placing business cards and flyers in area businesses will do well. My old local NA unit had two members call and join from a card that I placed in a local laundromat.

6. I know that some NA policies are not looked upon with smiles by VF; however, I have made some good friends in my old NA local unit and I hope to continue the working relationship with them. Together our strengths will accomplish much.

I hope this can give you an insight into what I plan to do in the Southeast corridor of PA. By working smart and working with other pro-Whites, we can go far.

## PENNSYLVANIA *VF's First East Coast Official Contact*

We are extremely proud to announce our first official contact in the Eastern USA. It took VF some time to work out the details of expansion since we had since our creation in 1994 been primarily a Portland group which slowly expanded into Washington and California. At our creation it was never our intention to expand nation-wide but in the last 2 years we have received a score of membership requests from East of The Rocky Mountains and several from other nations. We finally got it together and worked out a plan for expansion which did not compromise our concerns about mail-order membership and quality control.

Donagh Carr, our Pennsylvania State Coordinator, is also filling the probationary role of Eastern USA Regional Coordinator. We expect great things from him and he is widely respected with those we have contacted. As he moves up to Associate and Full Membership, it is likely his role in the Eastern expansion of VF will expand. Membership inquiries in the East should be directed to him with a copy of the email or letter sent to the main VF office in Portland.

After talking with Donagh, we are determined that VF Pennsylvania start on good footing with other groups in the area. VF PA will be working with all positive pro-White groups in the area in hopes of solidarity against our common foes. We welcome Donagh to the VF family and hope you will too. # LIFESTYLE OR DEATHSTYLE

*By R. MacLir*

The key word in the word 'lifestyle' is "life". Do you live like a nobleman or noblewoman of your people? Do you live in a manner which brings honor to yourself and our movement? Do your living conditions promote life or death? Many "racialists" live in squalor fit only for the lowest degenerate. I have heard many people complain about kinsmen who smoke marijuana with self-righteousness while they slobber with alcoholism and reek with the stench of drunkenness. I have heard 'leaders' rant about 'honor and loyalty' while they cheat on their wives/husbands or girlfriend/boyfriends. Many people mouth the 14 Words but defame, insult and attack their own people, even other racialists.

Is your lifestyle one which promotes 'life', or is it a "deathstyle". Deathstyle is probably a more accurate description of the conditions of many of our kinfolk, racialist or not. Alcoholism is death. Drug use is death. The abuse of our women and the lack of honor in many relationships between our men and women is contributing to the deathstyle of the White Race and racialist movement.

The issue is not one of wealth or economic status but one of values. Even the poorest of our folk can keep their homes clean, their clothes clean, honor their mate and their marital vows and abstain from alcohol and drug abuse. You all know, I am sure, the root of the word "ARYAN" is "ARYA", Indo-European for "NOBLE". It's hard to claim NOBILITY while you live like a skraeling (slave/sub-human).

The negativity created by this deathstyle breeds defeatism, hate, guilt and hypocrisy. These things will destroy any movement. How many people have come into our movement only to leave it in disgust after seeing the squalor and degeneracy many 'racialists' live in? Negativity and defeatism are bred in a deathstyle.

No matter how many swastika tattoos a person may have or how many cool pro-White slogans a person has memorized, lifestyle or lack of it is the true indicator of a racialist. A non-White can mouth our slogans and swastika tattoos can be cut off, the essence of the man or woman is determined in deeds and lifestyle. It's this simple: If you disrespect yourself or those you love then you disrespect your people and movement.

To be a positive "life" movement we must keep it positive, clean, honest, honorable and free from hypocrisy. Negativity, alcoholism, drug use, adultery and the deathstyle must be rooted out at all costs....

**New Deutschland Probationary Chapter**

Volksfront is extremely proud to announce our first Official European Chapter. This chapter is located in the Halle-Saale region. While currently with 3 members it appears the VF ideal is spreading quickly there and we soon anticipate a good amount of growth.

Volksfront Germany will be working on many projects including translation of Volksfront material to Deutsch, creating German P.O.W. booklets and a magazine for prisoners, literature distribution, political education, demonstrations, events and concerts in cooperation with existing German Organizations.

Volksfront Germany will be conducting only "legal" activities, please keep this in mind when writing them that the laws regarding free speech and assembly are not applicable there as in the USA. VF DE will work with any organization with a healthy pro-White agenda regardless of movement divisions or infighting. Welcome to the VF family brothers! visit VF DE at:

# repatriator's rants:

## GERMAN P.O.W.'s IN AMERICA

A sad day indeed it is when a man with German blood flowing in his veins knows not the turmoil of his own people on this nation's soil. I was thumbing through my local newspaper when I saw an article about German POW's held in the United States during World War 2. I read of a German POW whom the guards called "Little Hitler" because every time they asked him to do something he just snapped to attention gave a salute and a loud "Heil Hitler". This made me want to delve further into the subject and I was astonished at what I had come up with.

Of the 4 million German POW's held by Americans 440,000 were held on this nation's soil. More than 150,000 men arrived after the surrender of Gen. Erwin Rommel's Afrika Korps in April 1943, followed by an average of 20,000 new POW's a month. From the Normandy invasion in June 1944 through December 30,000 prisoners a month arrived; for the last few months of the war 60,000 were arriving each month. When the war was over, there were 440,000 enemy prisoners in 511 main and branch camps throughout the United States. Many of these POW's were repatriated back to slavery and communist rule after the end of the war, but there are reports of POW's being held in America until 1948 and longer.

Many POW's in America feared becoming a slave for one of the allied nations. "Goodbye America: I'm going to England now as a young slave and then to Russia as an old one." A German prisoner left a letter on his typewriter in "Camp Swift" (Texas). An uncertain future for the prisoners was all they had to look forward to. A color scale was introduced: black, gray and white. "White" indicated the Anti Nazis, "gray" were mitläufer (just going along with it) and "black" Nazis. Some people claim, that the Americans treated the German prisoners after the end of the war much worse because they had not to fear for their own men in German captivity any more. Others claim, that the opinion about the German soldier changed, after pictures of concentration camps went around the world and therefore the treatment of the German deteriorated. Anyway, the rations were reduced and the prisoners got robbed. Honor awards were most popular souvenirs. The identification papers of the NCOs were taken away and they couldn't prove their rank and had to work contrary to the Geneva convention (the American government estimates the profit which made with the work of the Germans at more than 180 million dollars). Not to mention in total, POWs performed more than 90,629,233 days of labor between mid-1943 and the end of their confinement or death.

**GERMAN SOLDIERS HELD PRISONER IN THE U.S. REVISIT AN AMERICAN P.O.W. CAMP. SEEN HERE HOLDING A GERMAN FLAG.**

The re-education of a Nazi to a democrat wasn't simple at all. The prisoners had to work in America and after a hard working day it was hard to follow and understand the courses held in English. Due to reasons like that the trust of the prisoners in the justice of the free democracy was not increasing. But the re-education continued with several methods because the US war department saw in the presence of about 440,000 German prisoners of war in the USA a "opportunity like never before to develop a germ cell of democratic thinking and respect under the Germans for America". One POW wrote of the diabolical manipulative tools employed by our government during this time "A burnt child dreads the fire", and the present methods of plunder causing general poverty and hunger, will not persuade the Germans of the advantages of democracy!" Another prisoner reports about the re-education in camp Rupert, Idaho: "after the end of the war, every Sunday real and alleged professors came to us, to convince in discussions of the glory of America and the undoubtedly present value of democracy ". A prisoner from Drew Field, Florida: "I remember that once, the American teacher has gone away furiously because the distinguished national socialists of the camp had driven him speechless and with no argument left due to the race problem in America".

In a letter from German POW General Hermann Bernard Ramcke out of camp Clinton, Mississippi to a politician in Washington DC dated December 25, 1945 more concerns were brought up about the treatment of German POW's in America.

"After the collapse of Germany, the prisoners of war were officially informed that they would continue to be regarded as such and treated accordingly. However, a few days later, in the beginning of May 1945, the following severe measures were announced: (a) A cut in food rations during the months May - October 1945 to an extent that, on the average, all the prisoners lost 25-41 lbs. in weight and can scarcely stand on their legs while working hard on the Mississippi project. Those Generals who are more advanced in age have become mere skeletons. The little meat supplied consists of waste only. The negro-drivers who bring in these supplies say it is a shame that such waste meat is offered to prisoners of war in the rich America. It is only before the visit announced by representatives of the International Red Cross for the beginning of November that conditions improved. "

~CONTINUED ON PAGE 10~

- (1) Complete deprivation of tobacco and cigarettes.
- (2) Deprivation of all luxuries and objects of daily use, as well as of refreshments, whose lack was particularly felt in the hot summertime and in a climate to which the prisoners are not used.
- (3) Prohibition of all sports and games for a period of 4 weeks.

The following question arises:

Are all these events and measures an adequate means to make the 440,000 prisoners of war become supporters of the democratic principles, whose apostles they are intended to be on their return to Germany from the free America, the land in which Democracy was born?

The contrary is being achieved."

From: *German General Hermann Bernard Ramcke*,  
*P.O.W. No. 18878 Camp Clinton (Miss.)*

Growing up as a youth blinded by the biased zionist school system I knew not of the German POW's held here in this nation during and after world war 2. I was not brought up by those influencing, teaching and molding me to be proud of or even know of my German heritage. Perhaps those people who influenced, taught and molded me were ashamed of being of German blood. Being that all German people are evil nazi krauts who are guilty of many atrocities and wrong doing's and as a whole are just like the evil doer's portrayed on TV in the average blind Americans mind. Or was it that I was a product of zionist propaganda. By definition :

*Prop-a-gan-da (pr p -g n d )n. The systematic propagation of a doctrine or cause or of information reflecting the views and interests of those advocating such a doctrine or cause. Material disseminated by the advocates or opponents of a doctrine or cause: wartime propaganda.*

In the same letter mentioned above this post world war 2 anti-German sentiment was predicted by German POW General Hermann Bernard Ramcke "Needless to say that this cruel treatment of a completely defenseless nation(Germany) - after the cessation of hostilities will create new, deeply rooted hatred which will poison the souls of an 80 million nation (America) so much that unavoidably they will embrace communism and nihilism.

Also, I do not, need to stress the point that the sowing of such new hatred will not bring the durable peace so very much desired by all the nations of the world."

Why else would I not have found out about such a glorious gift that had been bestowed upon me of being of German descent? Why else would I have not have been told of the POW concentration camp's here in the United States? I was however

taught, over and over again, about the atrocities and evil acts committed by these foreign people called German's. Can you remember when exactly they planted the seed of hatred for our European ancestors in your heart and mind?

Or are you like me, that seed was planted long ago and nurtured by the school system and media over a long period of time until I sought out the truth and decided to form my own opinion on things.

Then again during world war 2 we had already planted the seed of hatred towards German folk by sending law abiding Germans to "relocation camps", otherwise known as "concentration camps", or by the coined American term, "death camps" a name just striking fear and hatred in the hearts of white youth growing up viewing pictures of dead bodies piled high. Death and morbidity are great selling propaganda tools for adults; imagine how much more so they are for children. Nothing about defining loyalty and exercising arbitrary power is ever uncomplicated. For too many German Americans, what had begun as a security precaution became an instrument to punish them for their ancestry thus adding to the evil nazi stigma that was created and propagated in my mind as well as the mind's of countless other young white children of German ancestry.... and you want to talk to me of brainwashing. What greater crime could occur than to brainwash a people's youth into believing that their very blood is evil incarnate. At least I was strong enough to break free of this manipulation to see the truth. I hope the same is true for you and yours.

As a true unbiased, uninfluenced and unionist journalist to whom this story is presented to you from I remain loyal and truthful to you, the reader. All findings and statistics come from true and credible sources that are from outside of our realm of racialism. The truths that I lay before you are pure fact with my own interpretation within, but facts and statistics from sources whom deem us unbelievable and unknowledgeable, I stand to change that. If anyone would like me to list my sources or would like to question anything presented in this article please do so and the sources will be presented to you. Unlike the journalists you may have dealt with in the past I deal with fact, not fiction.

My journalistic integrity means a lot to me unlike

many whom present you with their so-called truth's, the same truth's whom brought me to my need to write this article. There were German POW's held in your state as well as mine, look below to find a camp that was near you, research it and understand what went on there and share that knowledge with your friends, give these men the honor due to them

through your knowledge and research. Search out the truth's in life, question the media presented to you and you will find yourself inspired as I have.

As Joe Rowan sang " *The Truth will set you free*". I give you the truth.

# VOLKSFRONT R.A.C.

**JASON & INTIM ONE ORIGINAL

## **Volksfront's Second Public Concert a Success!**

Jan. 25th, 2003 Volksfront pulled off it's second public event without a hitch. In our continued attempt to rebuild Oregon's once thriving pro-White scene Volksfront hosted 3 bands for a "Bail Fund Raiser" for an arrested VF comrade charged with assaulting an A.R.A. anti-racist skinhead and robbing him of his boots.

We had barely a month to plan and host the show before our comrade's court date. We immediately recruited the services of Jason, vocalist of Intimidation One, to play and handle sound system setup. Aggressive Force and new R.A.C. band "Cut Throat" also quickly volunteered to play. Also quick to help was Panzerfaust Records who donated over 150 CD's to be sold at the event with all proceeds going to assist in the fund-raising.

Time was against us as we secured the venue just prior to the date of the event. Final preparations were made and details were passed mostly word of mouth through Oregon, Idaho and Washington.

The day of event saw the gig off to a late start as we rounded up missing people and a hung-over musician who had a late night the night previous doing band practices.

First arrivals at the venue began showing around 4 PM. The kegs were tapped and sound checks began. We were proud to see many new comrades and old faces from our developing scene in the Northwest.

Cut Throat took the opening slot around 6 PM and immediately launched into a powerful set, which many have compared to old punk band The Misfits. While vocalist Bobby does have similar vocal-style to Glenn Danzig, there sound is still unique and definitely going to shake things up in the pro-White music scene.

# CONCERT JAN. 25

*Continued from page 11-*

While their set was regrettably short they played an great set, especially considering it was their first gig as a band. Tom on drums and Roy on vocals are both RAC veterans with Final War and Warfare 88. In short, it's obvious Cut Throat is going to be one of the best and most unique WP bands to come out in the last few years. Their debut CD is due out soon, we guarantee it is going to be a 'must have'.

Following Cut Throat was one of America's best known Oi/RAC bands, Aggressive Force. Aggressive Force instantly got a great crowd response and are masters at getting crowd participation. The pit immediately picked up as they sang their well known numbers "White Power Skinhead" and "Closet Coward". Their set was long and powerful and as always they played a great show.

Following Agg Force was Portland's Oi! veterans Intimidation One. Intimidation One played their usual well-known numbers but pulled some great surprises when Intimidation One's Jason did a duet with his German wife, a cover of Landser's "Middle Europe". Many in the crowd were amazed at the beauty of "Thora's" voice. Following the duet with Jason and wife, the crowd finally convinced Intimidation One's original vocalist to take the mic for the first time in nearly 5 years to sing "Gang Riot" off their first album, this was a treat that got huge response from the locals.

With a modest turnout of 70 we still managed to cover all event costs and raise \$700 for the bail of our comrade. Left over CD's donated by Panzerfaust were given away to the concert goers. There were no fights or security issues thanks to VF staff and 2 Hammerskin volunteers. While turnout was small it was a great time with great comradeship. It shows that with unity and perseverance we can rebuild the Northwest scene into a model of brotherhood and activism. VF sends a huge thanks to everyone who attended, Jason, Mr. B, Kelly, HSN, American Front, the bands and Anthony & Panzerfaust Records.

# LITERATURE IN SPRINGFIELD, OREGON OPPOSES RENAMING OF STREET

Springfield, OR - February 13th, several hundred flyers revealing Martin Luther King Jr. to be a fraud, communist and plagiarist were distributed on Centennial Blvd. which city leaders had considered renaming Martin Luther King Jr. Blvd.

Residents woke the morning of February 14th to find hundreds of flyers tucked under windshield wipers and stapled to telephone poles the length of Centennial Blvd. The Volksfront flyer discusses MLK's connection to the communist party, his propensity for assaulting females and his frequent orgies with White women.

According to the Eugene Register-Guard: "The leaflets profess to be a public service announcement by Volksfront, which, according to Eugene human-rights advocate Greg Rikhoff, is "probably the most active hate group in Oregon for the last two years or so." Several area residents immediately dismissed the flyer as "hateful" although the facts are without flaw. "Kinda ridiculous, kinda stupid," 24-year-old Chastity Vincent said. "Trying to defame a dead man is kind of sad," added Sarah Cole, also 24. And Susan Edson, another neighbor: "It's sad there are still people who live in so much fear that they have to attack other people."

Springfield Mayor Leiken said. "This type of hate is not going to be tolerated." Well Leiken as your city continues to promote human garbage like Martin Luther King Jr. you should expect more activities of this sort.

Panzerfaust Records in cooperation with Volksfront has been asked by Bruce Pierce to set up and maintain an Order website. The purpose of this website is to promote lobbying activities supporting the parole appeals of Order members, to keep the public updated on the status of Order members and their current contact information.

The ongoing illegal parole denials of Order members violates Federal Sentencing Guidelines and it will take a cooperative lobbying and legal action to ensure our Political Prisoners are not unjustly denied their parole according to Parole Board guidelines.

The website should be and fully functional in March of 2003. Visit the site and support our efforts to free the Bruder Schweigen!

**GERMAN CIVILIAN WOMEN AND CHILDREN MURDERED IN THE ALLIED BOMBING OF DRESDEN: THE GREATEST ATROCITY OF WORLD WAR II**

# **DRESDEN REPORT**

**by Jens VF Germany**

## **Gedenken an den Bombenholocaust von Dresden: By Jens VF Germany**

Dumm - dümm - antifa" hielten wir eigentlich für einen ziemlich hohlen Spruch. Jedoch im Zusammenhang mit der Dresdner "antifa" klingt er wohl eher bezeichnend. Nicht, daß sie die eigenen Leute mit einer total falsch veröffentlichten "Nazi"-Route in die sprichwörtliche Wüste schickten. Nein, sie meldeten schlauerweise zeitig genug auf vielen markanten Punkten unserer bisher genutzten von der Öffentlichkeit weitgehendst abgeschotteten Strecke am Elb ufer mehrere kleine "Protestveranstaltungen" an. Die Demonstrationen sog. "antifaschisten" wurden zwar letztinstanzlich verboten. Die mit unserer Versammlungsleitung abgesprochene neue Strecke jedoch blieb bestehen. Sie war durch gänzlich belebtes Gebiet, einschließlich der Dresdner Neustadt, durch einen Stadtteil, in welchem bei dem damaligen Bombenterror heil gebliebene Häuser stehen zu einem Kundgebungsplatz nahe mehrerer voll bewohnter Neubau-Hochhausblöcke.

Schon am Weg rand konnte man kaum sog. "kritische" Begleitpersonen erblicken, wen man erblickte konnte wer wollte erfolgreich auf Lichtbild bannen. Die Lautsprecheranlage war dermaßen leistungsstark, daß selbst das Ordnungsamt darum bat, die Lautstärke doch nicht über die Hälfte zu drehen. Laut genug, um auch den letzten an die vielen erleuchteten Fenster zu locken. Die gleiche Dame vom Ordnungsamt war es auch, welche sich köstlich über die Desinformation auf den Dresdner "antifa"-Seiten amüsierte. Jedermann konnte und sollte die wahren Hintergründe der damaligen Terror-Tat, ihre Urheber, welche wiederum die gleichen für die aktuelle Kriegsgefahr verantwortlichen sind, erfahren. Über 1100 Menschen konnte man für diese Veranstaltung mobilisieren.

**85% of the city of Dresden was destroyed in  
72 hours with estimates of up to 240,000  
murdered.**

## Gedenken an den Bombenholocaust von Dresden - Continued

Gemeinsam wurde das Lied vom guten Kameraden gesungen, bevor wir uns leider, um unseren Zug in die Heimat nicht zu verpassen, zu Fuß in Richtung Bahnhof begaben. Wir wählten den Fußweg, da wir vermuteten, daß die mutige "antifa" wieder feige Überfälle auf Kleinstgruppen unternehmen mag und wir zu Fuß auch beweglicher als in einer Straßenbahn seien. Dies war gut so... Sahen wir doch auf einmal in ca. 400 m Entfernung, wie verschiedene Gestalten aus einem Park auf eine Straßenbahn, welche eben noch an uns vorbeifuhr, zurannten und wieder weg. Schon vermutend, daß es sich hierbei um einen Überfall der "antifa" handelt (in der Bahn saßen nur ca. 10-15 Besucher der Demo), rannten wir so schnell es ging zum Ort des Geschehens. Wir sahen eine Menge von ca. 40 Personen, welche versuchte durch einen angrenzenden Park, aus welchem heraus der Überfall geschah, zu flüchten. Gezielt versuchten wir, den Weg abzuschneiden. Durch diese Maßnahme, bei welcher auch durch uns die "antifa"-Straftäter teilweise zurück zur Straße getrieben wurden, wurden die Flüchtenden zeitlich gebunden, so daß es der Polizei später gelang, 18 Personen (laut Auskunft der Radio-Nachrichten) festzunehmen. Diejenigen, welche wir zurück zur Straße trieben, suchten ihr Heil in der Flucht in eine Bahn. Die Hoffnung, sich so dem Zugriff zu entziehen, nahmen wir ihnen, indem wir die Bahn an der Abfahrt hinderten. Der herbeieilenden Polizei konnten wir einige der Straftäter übergeben.

Sofort im Anschluß machten wir uns weiter in Richtung HBF, um unseren Zug gen Heimat noch rechtzeitig zu erreichen.

Eine Frechheit ohne Gleichen ist, daß am Abend im Radio behauptet wurde, mehrere Tausend Bürger hätten in Dresden gegen Fremdenfeindlichkeit und Rechtsradikalismus demonstriert. Dadurch werden nicht nur das Andenken an die Toten, denen viele rechtschaffene Bürger Dresdens gedenken, verunglimpft, sondern genau diese Bürger selbst für eine infame Propaganda-Lüge mißbraucht.

Laut Indymedia sitzen jetzt mind. 4 Genossen in Haft, nachdem sie am Freitag noch dem Haftrichter vorgeführt werden konnten. Die Anzeige der in der Straßenbahn angegriffenen Personen (ca. 15) wurde gestellt. Jetzt liegen laut Sächsischer Zeitung Ermittlungsverfahren u. A. wegen schwerem Landfriedensbruch vor. Bedenkt man, daß die Täter ohne unser beherztes Eingreifen vermutlich restlos entkommen wären, so können wir doch im Bezug auf die erfolgreiche Festnahme dieser 18 linken Straftäter von einem Erfolg unserer Seite sprechen. Daß die Sächsische Zeitung behauptet, daß die Linksextremisten eine Bahn mit über 100 "Neonazis" angegriffen hätten, ist bezeichnend, wertet aber die Linksextremisten unnötig auf, denn diese Behauptung entspricht nicht den Tatsachen. In der Bahn saßen zum Zeitpunkt des Angriffs lediglich 15 Demonstrationsbesucher und wenige Unbeteiligte. Wäre die Bahn voll gewesen, hätten die Linken (zum großen Teil aus DD), welche für ihre "mutigen" Taten bekannt sind und auch überregional eher belächelt werden, die Bahn natürlich nicht gewagt anzugreifen. Mußten wir doch selbst sehen, daß sie auf der Flucht in ihrer Angst rekordverdächtige Zeiten liefen, nachdem sie den eben begangenen Fehler als solche wahrgenommen hatten.

## WHOREDOM TODAY

By Stephen Contrado, Th.M.

“Wife,” “mother,” and “widow” are considered by many people to be loaded words, expressions that cause an automatic gut reaction (usually used in a somewhat favorable sense), but “whore” by far surpasses these loaded words in intensity (almost always used in an unfavorable sense). The more common nomenclature for “whore” today -- voiced especially among youth -- is “ho” (e.g., She’s a real big ho.) While a prostitute works for money, the whore does what she does solely to rebel against God. This distinction, however, isn’t always made. Although liberals and feminists would have you believe otherwise, the label ‘whore’ is no mere loaded word. The whore is a real type of sinner, not merely a way male chauvinists blame the victim of patriarchal society for attempting to usurp male prerogative.

The defense of female promiscuity claims sex is based on a double standard, condoned in boys and frowned upon in girls. Every year the average age of first intercourse among youth gets younger. Modern contraceptives have fueled the rate. Pharmaceutical companies make multi-million dollar profits on the sale of contraceptives. And other interest groups have a stake in the sexual revolution and “free love”. Christians have become slack in the observance of Christian norms. God considers whoring an abomination. The Most High God declares, “There shall be no whore of the daughters of Israel” (Deut. 23:17).

How God’s people have backslidden! They block their ears and sear their consciences to the commands of God and rationalize their wrong conduct. It’s an old story. Read what motivated Lot’s daughters (Gen. 19:30-38) and what motivated Israel at Peor (Num. 25). The Bible has many warnings for women regarding the issue. Isaiah says, “Moreover the LORD saith, Because the Daughters of Zion are haughty, and walk with stretched forth necks and wanton eyes, walking and mincing as they go, and making a tinkling with their feet: therefore the Lord will smite with a scab the crown of the head of the daughters of Zion, and the LORD will discover their secret parts” (Isa. 3:16-24).

One very likely reason God wanted Israel to be separate from other nations (Lev. 20:24) was that the women of the other nations were whores (Lev. 19:29). Israel’s priests were only permitted to marry virgins. (Lev. 21:7). If a priest’s daughter was a whore, she was burnt. The Lord said to Moses, “And the daughter of any priest, if she profane herself by playing the whore, she profaneth her father: she shall be burnt with fire” (Lev. 21:9). Moreover, God warns the whore that he punishes her children. He says, “And I will not have mercy upon her children; for they be the children of whoredom” (Hosea 2:4).

God honored every daughter of Israel. But she didn’t appreciate his kindness. God says, “Thou didst trust in thine beauty, and playedst the harlot because of thy renown, and pouredst out thy fornication on every one who passed by; his it was... Thou hast built thy high place at every head of the way, and hast made opened thy feet to every one who passed by, and multiplied the whoredom... Thou hast played the whore also with the Assyrian, because though wast insatiable; yea, thou hast played the harlot with them, and yet couldest not be satisfied” (Ezek. 16:15-28). God hates whoredom so much he used the abomination to describe backslidden Israel and Judah in his sight. (See Ezekiel 23.) Will God not regard abortion with the same animosity he regards the sacrifice of children to god Moloch? And how far removed is whoring from witchcraft?

But the Whore destroys more than her own children. John, praising God, wrote, “For true and righteous are his judgements; for he hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of his saints at her hands” (Rev. 19:2). Indeed God used the whore as a type to describe the wicked system of false religion and economic exploitation in the last days (Rev. 18)!

So what does a whore have to be proud of? Love and Loyalty have almost vanished from the land. How sad it is today to see such lewdness among women masquerading as social and sexual equality. How wrong it is for women today to base their marriages solely upon economic incentives. Many marry for power, money, and possessions and would rather have a third car than a child. And they demand divorce as quickly as a fast food dinner. Many women consider psychological maturity as the overcoming of a fixation on morality. But there is no joy in a world of women who don’t worship their Creator and find salvation in the work of Jesus Christ and the Holy Spirit. Too many women know nothing about Christian growth and the infinite happiness it brings.

We are witnessing another case of liberal blindness where the lessons of history are ignored. The 16th century saw an epidemic of venereal disease that led to efforts to control prostitution. International cooperation to control the traffic of prostitutes began in 1899. And James Robert Mann’s White Slave Traffic Act (1910) forbade interstate and international transportation of women for immoral purposes. But today prostitution is on the rise. Some European nations regulate prostitution as a public health measure. It is legal in Nevada. And in Britain a parliamentary act (1959) forbids open solicitation but permits prostitution at home.

Moreover pornography is a big international industry -- bigger than rock music and Hollywood. San Fernando Valley, California produces more than 10,000 films a year. Americans spend 10 billion dollars a year on pornography. And 21 million Americans visit one of the 60,000 pornographic internet sites at least once a month. Most of the women involved in prostitution and pornography have STDs.

O tempora! O mores! What corrupt times we live in! Many women would feel more at home in Sodom and Gomorrah than they would living in the United States seventy-five years ago. The defiled land will vomit out its inhabitants (Lev. 18:25).

# War?

**Original Writing by Volksfront Pennsylvania. Copyright 2003, all rights reserved. Please E-mail for reprint permission.**

The time is coming soon when our troops will be heading to Iraq to fight a senseless war. Numerous Americans are brainwashed into thinking this war is for "defense of freedom". This could not be further from the truth. To illustrate how we got to this point, let us back up to 11 Sept 2001 and take us from there to this point.

11 Sept 2001 we were alarmed, shocked, saddened and angered at what took place. Our home was attacked by Islam extremists. While the pieces were being cleaned up our president had the audacity to go on TV to say that "freedom was attacked". White Nationalists, America's TRUE patriots, knew better; however, the false patriotism of the sheep came out and they bought into W's words. Freedom was not attacked, our foreign policy was.

In the days and months that followed, we went after Osama bin Laden, who was the chief suspect in the Twin Towers attack. This was the right thing to do, although our policies are to blame for the attack, we simply cannot let a terrorist attack go unpunished, no matter what. He proved elusive, probably hiding in other Islamic nations and in the Afghan caves. The "war on terror" is a bust thus far.

Osama "releases" tapes to the public that show him and other extremists "discussing" the attack. These videos were translated and shown to the general public by the same government that told us the 9/11 attacks were because they were attacking freedom. Were the tapes credible, who knows for sure except the group of translators.

What is America to do?

How about going after the easy target, Iraq. They have "weapons of mass destruction" and we can catch them, also by catching them we can tell the world they helped al-Qaeda. Saddam is an asshole, and he is a tyrant, but I do not see any evidence of his helping Osama. Not only that, secular leaders and religious extremists just do not get along.

UN inspectors were sent into Iraq, they found nothing but possible traces. I do believe that Saddam has hidden some nasty weapons, but do people really think that he would be so stupid to attack America? To do so would guarantee the loss of his dictatorship by the American forces. The country in greatest immediate danger to Iraq is Israel.....and so it continues.

We will be going into this asinine war soon with Iraq to protect our interests in the Middle East, namely Israel's and our's control and "righteous hand", while over in the Far East is a greater danger, North Korea. They want nothing to do with Israel, but they do have nukes that reportedly can reach the USA West Coast. Their leader already boasted of setting the earth on fire.

We are hated, not because of our freedoms, because we don't mind our own damn business and we support a terrorist nation like Israel.

Iraq, no real danger to America, but one to Israel. North Korea, a possible danger to America, none to Israel.

Guess which country we want to destroy?
